The Fly Family contributes a level of knowledge, skill set, experience, and brings forth an audience. In 2017 we began filming and directing here in our hometown Charlotte, North Carolina. Our goal was to produce high quality music videos that showcased our creativity and storytelling ability. Since 2017, we have not only generated revenue but have created a well-known reputation that led to amazing opportunities and results. To date, we've produced videos for artists like Da Baby, K-Ci Hailey, HoneyB, Deniro Farrar, and many more. To continue, we've generated over 100 Million views and gained an active audience of 8 Thousand followers. We also have access to Elevated Society Studios. It's Charlotte's #1 Multi-purpose studio. Our 3,300 sq. ft. studio is open 24 hours for your convenience and is strategically located on the outskirts of the city to promote privacy and concentration for our artists. Elevated Society Studio is operated by like-minded creators who understand that quality music and media are a product of a clean, comfortable workspace and advanced equipment. Whether you are seeking to shoot a video, record music, tape a podcast, host an event, or even need a professional place to conduct a business meeting, we accommodate every aspect of your creative needs! Elevated Society Studio was envisioned to bring your ideas and creativity to light. We are here to assist you to elevate and create!
