

JOSH BUMGARNER
EAST COAST JIB AND AERIAL
704-996-9415 JOSHBUM@EASTCOASTJIB.COM

OBJECTIVE

My objective at East Coast Jib and Aerial is to provide the best camera crane operators and the absolute best aerial video for Feature Films, Television and Live remotes using state-of-art Unmanned Aerial Vehicles and our (2) Jimmy Jib packages. With the potential explosion of Unmanned Aerial Vehicle technology being integrated into major productions worldwide, East Coast Jib and Aerial jumped to the front of this trend with the purchase of a SKY Jib 8 Heavy lift Octocopter. Josh Bumgarner, with 14 years of jib experience and over 20 years in production experience is accustomed to providing a unique look to every production and brings this same level of creativity to this new platform.

QUALIFICATIONS SUMMARY

Film and Television Production

- I have been involved in all forms of production for over 20 years. I have a wide-ranging knowledge of film and video projects from inception to completion. I am effective achieving the story board concepts and can offer different shots when asked. I have experience using virtually all production equipment

EXPERIENCE

Jib Operator • February 2004 – November 2013

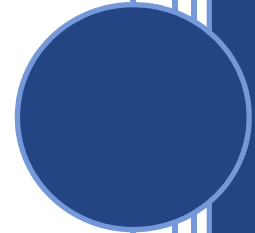

- Josh Bumgarner spent almost 42 weeks a year as the chief Jib Operator for SPEED on location at NASCAR's premiere racetracks nationwide. During the 2013 season SPEED was rebranded to FOX Sports 1 and thus pulled the plug on a number of live and taped shows for the network as FS1 shifted the focus from racing coverage to an all-inclusive "Sports center" feel.

Jib Operator • February 2002 – Current

- Josh Bumgarner has been the Jib Operator on numerous NASCAR premiere series event broadcasts for FOX Sports, ESPN, SPEED and FOX Sports 1 winning an Emmy award for being a part of the "Best Live Remote" in 2004 for FOX Sports' coverage of the Pepsi 400 in Daytona Beach, FL.

Jib Operator • February 2000 – Current

- Josh Bumgarner has provided a Jimmy Jib and his skills as an operator to hundreds of clients in the last 14 years. Land Rover, Authentic Entertainment, Limerick Studios, Oasis Films, Pepsi, Coke, The History Channel to name just a few.

UAV (Drone) Pilot & Jimmy Jib • June 2013

- Flew our SKY Jib 8 and provided Jimmy Jib services for SPEED on Michael Waltrips “Peak Challenge” at Charlotte Motor Speedway. Aerials of full scale stock cars as well as street cars and even go-carts on a variety of courses.

UAV (Drone) Pilot & Jimmy Jib • July 2013

- Flew our SKY Jib 8 and provided Jimmy Jib services for RAVENUSA on their commercial for the new Raven MPV produced by Oasis Films and Limerick Studios.

UAV (Drone) Pilot • April 2013 - Present

- Numerous SKY Jib 8 non-compensated shoots for numerous existing clients showcasing our state-of-the-art flight control systems and failsafes.

SPECIALTIES

- RC/UAV video production
- Jimmy Jib camera cranes 6’ to 40’ in length w/360 degree Dutch kit
- CamMate camera cranes 6’ to 43’ in length. Extremely heavy/slow (studio only)
